

PUBLIC SCHOOL
 (DISTRICT AND CHARTER SCHOOLS)
ENROLLMENT
VERIFICATION FORM

A student qualifies for an Overflow Tax Credit Scholarship if the following eligibility requirement can be verified:

The student was enrolled in an Arizona K-12 public school as a **full-time student** for at least 90 days of the **prior** school year, and then transferred to a qualified private school.

PARENTS: This form **must be completed by the public school** and submitted with the ACSTO Scholarship Application to verify the number of days the student was enrolled in an Arizona public school in the prior school year. If the student attended more than one Arizona public school in the prior school year, a separate form must be completed for each public school the student attended. In lieu of this form, a printout from the school’s student enrollment database providing the required data will be accepted, as long as the information is issued by the public school office.

SCHOOLS: The information below must be completed by a public school employee. Depending on the student’s current enrollment status, information for both the **current and prior school years** may be required.
