PUBLIC/CHARTER SCHOOL ATTENDANCE VERIFICATION FORM

If a student qualifies to receive an Overflow Tax Credit Scholarship by the following eligibility requirement,

The student must have been enrolled in an Arizona public school K-12 as a **full-time student** for at least 90 days of the **prior** fiscal year (or the equivalent of one full semester for that school), and then transferred to a qualified private school.

a Public/Charter School Attendance Verification Form must be completed by the public school, and submitted with the Scholarship Application. In lieu of this form, a letter or copy from the school’s student enrollment database providing the required data will also be accepted, as long as the information is provided by the public school district office. The requirement is to verify that the student attended an Arizona public school in the school year prior to attending a private school.

SCHOOLS: In the boxes below, provide the Arizona public school name, district, and the student’s start and end dates of attendance for the **current and prior academic year**. All dates must specify the month, day, and year. If the student attended more than one Arizona public school in the prior year, provide information for all Arizona public schools on a separate form for each public school.
