

EMPOWERMENT SCHOLARSHIP ACCOUNT (ESA)

An ESA is an account administered by the Arizona Department of Education (ADE) and funded by state tax dollars. It consists of 90% of the state funding that would have otherwise been allocated to the school district the student is assigned to attend based on their address. Applications are available all year round.

When parents sign an ESA contract, they opt out of the education and services the public education system offers. ESA funds can be used to pay private school tuition, home education and curriculum, tutoring, and more.

Per the ESA handbook for the '23-'24 school year, students cannot receive STO funds (tax credit scholarships) and ESA funds within the same school year. Parents need to choose which funding source works best for their financial situation for that specific school year.

UNIVERSAL ESA

All K-12 students in Arizona are eligible to receive a Universal ESA, giving parents more educational options for their students.

Funds are distributed quarterly and begin the quarter that the ESA contract is signed. Kindergarten students are eligible for approximately \$4,000/school year. K-12 students are eligible for approximately \$7,000/school year.

Quarter 1: July 1 - September 30

Quarter 3: January 1 - March 31

Quarter 2: October 1 - December 31

Quarter 4: April 1 - June 30

Other ESA eligibility categories include: students in K-12 grade with a disability and students in preschool with a disability.

WHICH FUNDING SOURCE IS THE BEST OPTION FOR YOUR STUDENT— *ESA or STO funds?*

Keep in mind: Funding is per student, not per family. You can use an ESA for one student and STO funds for another student.
