

PREVIOUS SCHOLARSHIP VERIFICATION FORM

A student qualifies for Overflow (also known as Switcher) Tax Credit Scholarships if **both** of the following eligibility requirements can be verified:

The student previously received an Overflow Tax Credit Scholarship from another school tuition organization in a prior school year.

OR

The student previously received a Corporate Tax Credit Scholarship for low-income students or for displaced students and students with disabilities in a prior school year.

AND

The student remained continuously enrolled in a qualified Arizona private school since receiving the Overflow or Corporate scholarship.

NOTE: If an Overflow-qualified student subsequently withdrew from private school, they immediately lost their qualification for Overflow Scholarships. If the student is now returning to private school and trying to re-qualify for Overflow, they cannot use this form to qualify under the "Previous Scholarship Award" qualifier since they did not remain continuously enrolled in private school after receiving the award.

This form must be completed by the school tuition organization (STO) that made the award. If the STO is no longer in operation, please contact ACSTO. Submit the form with the ACSTO Scholarship Application.

Student's Name:

**PLEASE
CHECK ONE**

*Award must
be from a prior
school year.*

Awarded **Overflow/Switcher Individual Scholarship** (A.R.S. 43-1089.03) for school year ____.
